

ROBO TUG OF WAR

Remote-controlled bots pull head-to-head

Team Size	1-3 members	Entry Fee	Rs. 200
Prize	To be announced	Venue	To be announced

Objective

Two remote-controlled robots are tethered to opposite ends of a rope or link, and each tries to pull the other across the centre line within the time limit.

Robot Specifications

- Maximum robot dimensions: 30 cm x 30 cm x 30 cm.
- Maximum weight: 5 kg, including the battery.
- Only wired or wireless remote control is permitted; fully autonomous robots are not allowed in this event.
- The attachment point for the tow rope/hook must be a fixed, non-sharp fitting; hooks or grippers designed to snag or damage the opposing robot are not allowed.

Match Format

- Matches are typically best-of-three pulls, each lasting up to 2 minutes.
- A pull is won when the opposing robot, or the marker on the rope, crosses the centre line into your side.
- If neither robot is pulled across within the time limit, the round is decided by the judges based on distance gained and traction.
- A knockout bracket will be used for the overall event.

General Conduct

- Participants must carry a valid college ID card at all times during the event.
- Any form of misconduct, use of abusive language, or unsporting behaviour will lead to immediate disqualification.
- Decisions of the judges and organizing committee are final and binding.
- The organizers are not responsible for any damage, loss, or injury during the event; participants take part at their own risk.
- Participants must report to the venue at least 30 minutes before their scheduled slot.

Safety Guidelines

- Sharp tools, open flames, lasers, and hazardous chemicals are strictly prohibited unless pre-approved by the organizers.
- All electrical connections must be properly insulated; loose wiring may lead to disqualification on safety grounds.
- Batteries must be handled with care; short-circuits or overheating incidents must be reported immediately.

- Safety gear (gloves/goggles, where applicable) is recommended and may be mandatory for certain sub-tasks.

Disqualification Criteria

- Missing the reporting or check-in deadline for your slot.
- Using a robot/device that does not meet the size, weight, or component specifications above.
- Remote interference with another team's device or run.
- Plagiarism or use of an undisclosed pre-built solution where original work was required.
- Any attempt to bribe, threaten, or unduly influence judges or coordinators.

These rules are provisional and general in nature. The organizing committee may issue clarifications, additional rounds, or minor changes closer to the event date; the latest version will always be posted on the PLASMA 2K26 website.
